-Ref: Cook County - C-79-51N - South Holland/Mr. Frank Inc.

Dear Mr. Bechely;

In reference to your April 4, 1979 letter regarding the second paragraph that Mr. Frank Inc. was disposing of tanker wash water is not true.

The only material that was put in this area was solid material such as sand, mud, salt, etc. from the bottom of our tank trucks. This material has been cleaned up and disposed of at the C I D disposal site. I would also like to inform you that all of the material that was there was not from Mr. Frank Inc. Some of the material was from other companies previously located in this industrial park and also from near-by residents who used the area as a disposal site. The area is completely cleaned up and you may come out any time that you want for an inspection.

Sincerely,

Mr. Frank Inc.

  
Richard L. Grad
